

Recruitment Pack: South West Clinical Senate Council - Professional-in-Training roles (2)

This recruitment pack includes an advert, a covering letter, and an application form. For further information about the South West Clinical Senate and to have a look at our body of work to date, please see our website.

General Advert:

The South West Clinical Senate brings together a range of professionals to take an overview of heath and healthcare within the region and provide a source of strategic, independent advice and leadership on how services should be designed to provide the best overall care and outcomes for patients.

We provide this advice in response to requests from Commissioners and Providers of health and social care. We work with clinical experts from acute, community, and primary care, including input from social care and patient representatives.

We are looking for a couple of professionals-in-training (doctors, nurses, allied health professionals) who aspiring to leadership and are actively involved in healthcare delivery, to join the Clinical Senate Council.

Senate Council members are responsible for the formulation and provision of our clinical advice. You will join a core multi-disciplinary steering group of around 48 clinicians from across health and social care and two

Citizens' Assembly representatives. The council meets 4-6 times a year and oversees all senate business. This is a non-remunerated 12-month development opportunity.

The Professionals-in-Training will not be expected to represent their organisations or their professional bodies, ensuring that impartiality remains the fundamental strength of the senate.

Your fixed time commitment is the attendance of a **minimum of 3 meetings** per year. These are currently being held virtually but are likely to revert to face-to-face meetings at some point in the future, as we come out of the pandemic. Your further time commitment is flexible depending upon your involvement in specific expert panels for individual reviews.

Our website details the work we have been involved with. Some examples are: -

Colorectal Cancer National Guidance

South West Clinical Senate

- Bristol, North Somerset, South Gloucestershire ICS Stroke Services Reconfiguration
- Future Test and Trace Strategy for the South West
- Capturing Beneficial Changes made during level 4 response to COVID
- Climate change
- The role of Community Pharmacy

We also work closely with the other eight Clinical Senates and you may therefore have the opportunity to participate in advising on proposals outside the South West.

We currently have 2 vacancies for a Professional-in-Training on the Senate Council.

Applications are welcome from doctors, nurses, midwives, allied health professionals¹, pharmacists, dentists, and trainees from other specialisms that are currently represented on the Senate Council i.e. medical scientists, etc.

Please note, the above is a list of professionals that this opportunity may be of interest to, but it is not an exhaustive list. If you have any questions relating to your eligibility, please contact Ajike Alli-Ameh, Head of South West Clinical Senate at ajike.alliameh@nhs.net

Our recruitment needs to broadly ensure that our membership is representative of the wider healthcare community within the South West.

If you would like further information, please contact Sally Pearson, Senate Chair (sally.pearson6@nhs.net), or Ajike Alli-Ameh, Head of South West Clinical Senate (ajike.alliameh@nhs.net).

To apply for a position on the Clinical Senate Council, please complete the application form within this pack and send it to Trish Trim at patricia.trim@nhs.net

Closing date: Sunday 04 December 2022

¹ The allied health professional roles are described by NHS England (https://www.england.nhs.uk/ahp/role/)

Covering letter

Dear Colleague,

Inviting applications to join the South West Clinical Senate Council

The South West Clinical Senate is currently recruiting for a couple of professionals-intraining (doctors, nurses, allied health professionals).

This is a unique opportunity for those aspiring to leadership, as the Senate Council helps to shape the design of clinical services to improve outcomes for patients in the South West region. As far as possible, Senate Council members will be chosen on a geographically and professionally distributed basis.

The role

The main responsibility of the Senate Council member is the formulation and provision of independent clinical advice to commissioners. The Clinical Senate is also taking on an increasing role as an independent clinical reviewer of large-scale service change, making the work of the Senate ever important.

Senate Council members are expected to attend a minimum of 3 meetings per year and make time available to read pre-meeting papers and feedback on recommendations as output from meetings.

From time to time, Senate Council members will be invited as clinical experts to join clinical review panels.

This is a non-remunerated 12-month development opportunity.

South West health and care organisations have been very supportive of releasing clinicians to work for the Clinical Senate Council. However, if we can help by providing information to your organisation, please let us know.

South West Clinical Senate

For further information about the Clinical Senate and the role of the Senate Council, please refer to the Operating Principles of the South West Clinical Senate. The Operating Principles include the Terms of Reference for the Senate Council, and the role description for the Senate Council members and are available upon request.

Meetings

Currently, the meetings are organised virtually from 10:00hrs – 13:00hrs. However, with the easing of government restrictions, this may return to face-to-face, all-day meetings subject to NHS England policy governing ways of working. See meeting dates for the rest of 2022/23 below:

Thursday 09 February 2023 (virtual)

Please share with South West clinical colleagues who may be interested. The deadline for applications is **Sunday 04 December 2022.**

Applications will be reviewed by the Clinical Senate Management Team as a 'Panel'.

Applicants will be informed of the outcome within two weeks of the deadline. Appointments are made to achieve council membership that is multi-professional, geographically representative, and spans different organisation types, where members are expected to decouple institutional allegiances and obligations from their advisory role on the Senate.

If you have any questions, queries, or suggestions about membership and would like to speak to either Sally Pearson, Senate Chair (sally.pearson6@nhs.net), or Ajike Alli-Ameh, Head of South West Clinical Senate (ajike.alliameh@nhs.net) then please do get in touch or have a look at our body of work to date on our website: https://www.swsenate.nhs.uk/

Thank you for your interest in joining the South West Clinical Senate Council!

Kind Regards

Ajike

Head of South West Clinical Senate (interim)

Application Form:

Application for membership to the South West Clinical Senate Council (Professional in Training)

Applications should be submitted to Trish Trim, Senate Administrator, patricia.trim@nhs.net

There is no remuneration available for these roles and prospective Council members should obtain the agreement of their line manager before applying.

Council members will be expected to attend up to six meetings per annum and make time available to read pre-meeting papers.

Currently, meetings are organised virtually from 10:00hrs – 13:00hrs. However, this may return to face-to-face all-day meetings, subject to pandemic regulations and/or NHS England policy governing ways of working.

This is a non-remunerated 12-month development opportunity.

Prospective applicants are encouraged to contact Sally Pearson, Senate Chair (sally.pearson6@nhs.net), or Ajike Alli-Ameh, Head of South West Clinical Senate (ajike.alliameh@nhs.net) for further information and discussion.
