CLINICAL SUPERVISION

It's not about being clinical and it's not about being supervised! (we didn't name it!) but it is about **you, our patients and what matters** to you at work, so please keep reading...

WHO IS THIS FOR?

Everyone – all roles, all depts. including support staff

We all play our part to deliver patient care, this is not just for staff in clinical roles

WHAT IS IT?

It is a confidential crew room/break room chat, with ground rules

WHAT HAPPENS?

A trained facilitator hosts a confidential discussion about any work-related issue for individuals, teams, or random groups from every grade and role. One topic is discussed and the subject can be decided in advance by an individual or team or decided on the day

EXAMPLE TOPICS

- > Difficult incidents
- > Teams overwhelmed by workload
- Confusion over policy changes
- > End of life care
- > Complex decision– making

CONTINUING PROFESSIONAL DEVELOPMENT

After the session the facilitator will send you a reflective summary and a CPD certificate is provided
